## Too Many Plastic Bags?

Now that plastic bags are no longer accepted in our blue carts, are you wondering where you can recycle them?

If you have a build-up of plastic bags, you can bring them to London Drugs, or to Canada Safeway locations. The bins are located near the front entrances. Bags must be clean.

The best option is to bring your own bags when you're shopping, or to reuse plastic bags. Bring your own containers to the Bulk Basket (111, 2301 Avenue C N.), or use mesh produce bags can be purchased online (support Canadian by ordering them from Fenigo.com).

You can also avoid purchasing products that use a lot of plastic film packaging. An estimated 500 billion to 1 trillion plastic bags are consumed each year (Parliament of Canada).
