Supervised Skate Time

BPCA maintains a rink for the use of the community. This includes supervised skate times:

Fridays: 6:00 PM to 8:00 PM

Saturdays: 12:00 PM to 2:00 PM

Sundays: 12:00 PM to 2:00 PM

There are no pucks or sticks allowed on the main rink during these hours.

Rink Rules:

- Use the facility at your own risk.
- Prevent injury by using protective equipment.
- Do not bring breakable containers on the ice.
- Do not leave shovels or scrapers on the ice.
- Share the ice surface and nets. They are intended for everyone’s enjoyment!

NOTE: Failure to follow the above guidelines may result in your being asked to leave.

We are seeking individuals to supervise the rink during the above times. If your family uses the rink, we need your help. Ideal volunteer hours for your high-school student!

**EASTER
EGG HUNT**

Saturday April 15, 2023

Come out to Brevoort Park North for an Easter egg hunt!

Email events@brevoortpark.ca for a map of the egg locations or find it on our Facebook page closer to the event.

On the day of the hunt, use the map to find our Easter eggs and find hidden treats.

Q. Why did the Easter egg hide?
A. He was a little chicken.

Ward 6 City Councillor Update

This is such a wonderful time of year, as we get ready for spring. Huge thanks to your community association volunteers for all they do all year long to provide affordable activities and events in beautiful Brevoort Park.

Construction season is also about to get underway and there are significant infrastructure improvements coming to Ward 6. For more information, go to www.saskatoon.ca/construction.

If your street is on the list, you can also sign up for e-updates. I have been encouraged by the progress being made and will continue to advocate for best standards in maintaining our roads, sidewalks and underground infrastructure.

There has been a lot of talk about the potential for a **Downtown Event and Entertainment District**. For whatever the reasons for or against this project, I appreciate the opportunity to highlight some key facts. For every metre of sidewalk, road and underground pipe added to the network, Saskatoon becomes a more expensive city. To reduce this, Saskatoon's Official Community Plan calls for 50% infill and 50% greenfield development, and Downtown is by far the best opportunity to achieve this. Infill growth downtown maximizes efficiencies, where infrastructure and services already exist. After many years of research, studying examples in other cities and working with international experts and local stakeholders/residents, here are some key highlights:

Council is seeking a funding plan with **NO impact to property tax.**

Sasktel Centre and TCU are losing business due to size and technical constraints.

Public amenities attract private investment. (residential & commercial)

Saskatoon has an opportunity to create a district to

support a more sustainable city – economically and environmentally - revitalizing our downtown and reducing the overall costs of growth. It also has a chance to bring more visitors to our city, adding jobs and strengthening the local economy. All of this said, there are key pieces of information needed to know whether this is a good decision for our city - including the full funding plan. For more information: www.saskatoon.ca/downtown

A few other notes, a fully re-vamped public and farmers market will return to River Landing this spring, an e-scooter pilot project is in the works for 2023 and a long-awaited downtown grocery store is expected to open in Midtown Plaza.

One final note, I hope you will join me for a Ward 6 Town Hall, with special guest Mayor Charlie Clark. It will take place on **Wednesday, March 22nd 7:00pm – 8:30pm** at Aden Bowman Collegiate cafeteria, and virtually on Facebook Live: [cynthiablockward6](https://www.facebook.com/cynthiablockward6)

Happy Spring!

The oldest tradition is to use dyed or painted chicken eggs, but in modern days, Easter eggs are also made of chocolate, are plastic eggs filled with candy, or in the shape of popular characters. The Easter bunny hides the eggs for children to find on Easter morning. Sometimes there are single eggs to find, other times they are found in a basket filled with real or artificial straw, like a bird's nest.

THANK
you

The Brevoort Park Community Association would like to thank everyone that stepped up to help this winter with rink supervision. As noted previously, we had zero volunteers the past few years. Without volunteers to help with supervised skate time, we are at risk of losing our grant for the rink. How sad it would be if the rink had to be closed due to lack of funding! We are still seeking a related board member. If you are interested, we would love to hear from you!

GOOD NEWS

Did you know one of the rink maintenance team members is a Zamboni?

Its been absent for the past few years due to requiring repairs. We are happy to announce the replacement part has been located and delivered all the way from California!

Looks for the return of the Zamboni and an even better skating experience!
